#### Academics

##### Academic year and Students Assessment:-

Adhering to the Diktats and suggestions of the CBSE, we have made a number of structural and Academic changes in the school to cater to the holistic development of the child. The main issues that have been dealt with and are being consistently lessening the stress Level of the child.

Taking it on a simple level we ought to answer a few questions what are the basic requirements for a growing child? The answer is-

- Learning of Life Skill
- A good Report at home with Parents, sisters and all the family relatives in the neighbourhood.
- Emotional level consistence
- Avoidance and rejection of Negativity at the "Impressionistic Age"
- Value Attachment and Building Moral Values.
- A healthy Mental Thought Pattern.

In order to focus on the holistic development of the students, we are vigorously trying to reduce the "Tension and Stress" through a variety of tools viz Minimizing the weight of the school Bags, Housing the school bags till standard II, trying to avoid to a large extent the home work given to the student of Std. II, and assessing the "Parental Shift" of Thought towards the "Paradigm change". As per the directive of CBSE just to eliminate the "pass – fail system at the primary level we are going to change the Assessment Process. The academic year and curriculum are divided into two terms. Evaluation of child progress will be done on the basis of two terminal examinations which include weightage on class activities of different subjects, Progress Reports will be given to the parent during PTM at the end of each term. Grading will be done on the basis of five point scale. The grades will stand for the following distribution of marks:

A+ Outstanding	90% - 100%
A Excellent	75% - 80%
B Very Good	56% - 74%
C Good	35% - 55%
D Scope for improvement Below	35%
